Start 6:35 pm

I. BAND

- New practice field is done. Concerns with band practicing there. If other teams need to use it band would get bumped.

- Band members present are in agreement with using upper parking lot to practice vs the turf field. Pros- pavement not as hot as turf, permanent lines, no one else uses it to practice so it would be their own space, plenty of room and can use chalk to mark spots. Paved path making it easier to haul equipment to. Cons- cadets park there, cadets can get distracted with passerby's.
- Band room wall will be opened up this summer to allow for more room.
- Guard and percussion rehearsals this summer. Optional but highly recommended

II. **FUNDRAISING**

- Snap Raise currently going on and at \$1150 raised so far with 22% participation and runs until July 4, 2023
- If cadet raises \$500 they can earn a prize.
- Funds will be used for unwrapping trailer and replacing with decals, choir microphones, repairs to instruments, keep dues down, busses and a new banner, permanent solution for the grill and New York
- Trip to New York looking at possible President's weekend, Naval Science May comp bus if we add

in military stop. Possible stay overnight in Hersey to allow for more time.
